

PassPilot – Key Features

■ Multi-Class & Multi-Teacher Management

- Perfect for **single teacher use** or **multi-teacher school-wide tracking**.
- **Very affordable** for an individual teacher who wants to track passes in their own classroom.
- Manage multiple grade levels and classes.
- Grade-based privacy controls.
- Bulk student import from spreadsheets.

■ Mobile-First Design

- Works on phones, tablets, and computers.
- Install as a mobile app (PWA) for quick access.
- No downloads required — runs in any modern browser.

■ Real-Time Tracking

- See exactly who's out of class right now.
- Automatic pass duration tracking.
- Optional instant notifications when students return.

■ Comprehensive Reports

- Daily, weekly, and monthly pass statistics.
- Separate tracking for bathroom, nurse, and discipline passes.
- Export data for parent conferences & admin meetings.

■ School-Ready Security

- Secure login system.
- Admin controls for school-wide deployment.
- Data privacy compliant.

■ Perfect For

- Teachers wanting better hall pass control.
- Department heads tracking student movements.
- Administrators needing school-wide oversight.
- Schools transitioning to digital solutions.
- Teachers tired of lost or forgotten paper passes.

■ What's Included

- Full web application access.
- Step-by-step setup guide + video tutorials.
- Student roster import template.
- Administrator training materials.
- Email support for setup assistance.

■ System Requirements

- Internet connection.
- Modern browser: Chrome, Safari, Firefox, Edge.
- Optional: Smartphone or tablet for mobile use.

■ Getting Started Is Easy

- Purchase & receive your access credentials.
- Set up your school and classes (about 5 minutes).
- Import or add your students.
- Start tracking passes instantly!
